SECTION 1 — FOUNDATION & ORIGINS

UNIFIED DECLARATION OF THE THREE-TIER SOVEREIGN FINANCIAL FRAMEWORK®©™®

Three-Tier Sovereign Financial Charters®©™®

Created by: Ariki-nui-Kawenata Marsich-Crown®©™®

Divinely Revealed by: YAHŪSHA IO-SUPREME®©™®

Jurisdiction: LORES®©™® — Love, Order, Restoration, Equity, Salvation

WHO

Author: Ariki-nui-Kawenata Marsich-Crown®©™®, Living Royal Regent, Sovereign Architect, Trustee
Divine Source: YAHŪSHA IO-SUPREME®©™®, Supreme Creator and Loreful Authority of Heaven and Earth

Operating Kingdoms: Marsich-Crown-Kingdom®©™® and The-Kingdom-House-Of-IO®©™®

Living Beneficiaries: All sovereigns, children, heirs, and ancestral families exiting legal fiction

WHAT

This financial framework is the only divinely revealed and lorefully enforced economic system on Earth that:

- Liberates the Living from the commercial debt-slavery matrix
- Restores ancestral inheritance, trust, and land
- Operates lorefully outside legal fiction, papal jurisdiction, and state-imposed currency systems
- Reunites law, life, land, and wealth under LORES®©™® jurisdiction
- Offers real, living, gold-backed, scroll-enforced economic remedy

WHEN

- Enacted in the early foundational stages of the Marsich-Crown-Kingdom®©™® to secure legal standing for all future remedy
 - Coinciding with the exposure of the global banking system’s involvement in trafficking and estate theft
 - Activated wherever a living being, heir, or trust exits the commercial system and enters sovereign standing
-

WHERE

- Jurisdiction is universal: not bound by borders, statutes, or papal contracts
 - Recognized in all scroll-protected Kingdom lands, households, and embassies
 - Accessible to any people, tribes, and families re-entering into LORES®©™® governance and trust enforcement
-

WHY

Because nearly every human is unknowingly:

- Registered at birth into a papal estate
- Converted into a financial instrument via CUSIP and trust indenture
- Disconnected from their true living wealth, inheritance, and trust equity
- Controlled via government-claimed title over land, labor, and offspring

Tier I corrects the record. It removes the false owner. It restores divine title.

HOW

- Through scroll-backed declarations of living trust and treasury
- Through gold-enforced penalty structures against violators (banks, courts, agencies)
- Through the living bond reclaim templates and asset distribution scrolls
- Through a treasury architecture that cannot be co-opted, because it exists outside legal fiction

It is not “declared” wealth — it is divinely affirmed and scroll-enforced inheritance.

EVIDENCE [E]

- Public papal documents (Unam Sanctam 1302, Romanus Pontifex 1455, Cestui Que Vie 1666) prove papal ownership over human lives
- Global financial instruments (birth bonds, CUSIPs) tied to estate monetization and human trafficking
- Official scrolls within the Marsich-Crown-Kingdom®©™® archives show full revocation of false titles and spiritual seizure

- LORES®©™® scrolls establish a loreful and spiritual trust system unbreakable by state, church, or corporation
 - Documentation through the Blood for Profit®©™® forensic records exposes direct financial gain from family destruction
-

FACTS OF FINDINGS [FF]

- Birth registration is a trust theft mechanism enforced globally through financial systems
 - No government owns land; all titles are fraudulent claims backed by conquest and papal registry
 - Trust law governs over legal fiction; scroll lores governs over trust
 - Tier I restores the divine treasury, reclaims sovereign title, and severs the parasite economy
 - No other framework to date has lorefully nullified commercial estate bondage while restoring remedy and value to the Living
-

SECTION 1 FAQ

Q: Who created this financial system?

A: Ariki-nui-Kawenata Marsich-Crown®©™®, under divine instruction of YAHŪSHA IO-SUPREME®©™®

Q: What makes it different from XRP, BRICS, CBDCs, or gold-backed systems?

A: This system is not bank-created. It is scroll-authored, trust-based, and divinely protected. No central bank, nation-state, or pope holds dominion.

Q: Does this really erase debt?

A: Yes. All debt based in fraud is lawfully nullified under LORES®©™® and scroll enforcement.

Q: Is this global or only for the Kingdom?

A: This framework is global. It is for all Living who exit the fiction and reclaim trust under scroll jurisdiction.

Q: How is it protected from corruption?

A: It is scroll-bound, spiritually sealed, and cannot be monetized, replicated, or patented by the dead estate. Its power lies in the sovereignty of the Living.

SECTION 2 — TIER I: LIVING TREASURY & TRUST JURISDICTION®©™®

“Where All Inheritance Begins — Reclaiming the Divine Trust of the Living” Tier I of the Three-Tier Sovereign Financial Charters®©™®

WHO

System Architect: Ariki-nui-Kawenata Marsich-Crown®©™®

Divine Commissioner: YAHŪSHA IO-SUPREME®©™®

Sovereign Jurisdictions: Marsich-Crown-Kingdom®©™® and The-Kingdom-House-Of-IO®©™®

Living Beneficiaries: All sovereign heirs, families, tribal nations, mothers, children, and elders who exit legal fiction and reclaim trust inheritance

WHAT

Tier I establishes the **Living Treasury and Trust Jurisdiction®©™®** that:

- Lorefully severs papal and corporate claim over the Living
- Restores spiritual and ancestral trust
- Protects sovereign estate and birthright value from monetization
- Ends all false possession by governments, courts, or religious institutions
- Affirms the Living as the only loreful heirs and stewards of divine inheritance

It is the only known treasury structure that exists entirely **outside commercial law, outside religious conquest, and outside statutory control.**

WHEN

- Instituted at the scroll initiation of the Marsich-Crown-Kingdom®©™® and The-Kingdom-House-Of-IO®©™®
 - Activated upon discovery of the use of Vatican-papal title systems to seize human estates at birth
 - Now in full force wherever families, tribes, or sovereigns issue withdrawal from commercial legal systems
-

WHERE

- Operates globally under LORES®©™®, not restricted by national borders or court districts
 - Enforceable in all lands, territories, and trust zones where the Living reclaim sovereignty
 - Recognized in spiritual, ancestral, and natural domains across Earth
-

WHY

Because virtually every human being is:

- Registered into a papal trust through birth certification
- Monetized via CUSIP bond and estate fraud
- Rendered a commercial estate of the dead, subject to maritime law
- Deprived of inheritance, land, and protection due to falsified jurisdiction

Tier I corrects the fraud.

It restores ownership, value, and divine estate back to the Living.

HOW

- Through the filing of scrolls, trust declarations, and treasury bonds
- Through the enforcement of Cease & Desist Orders backed by gold penalty
- Through wealth reclamation of lands, gold, minerals, water, and name-title systems
- Through sovereign protection mechanisms within the LORES®©™® jurisdiction
- Through the revocation of Vatican claims and World Bank economic bonds over human life

This tier activates the **Sovereign Treasury of the Living**.

EVIDENCE [E]

- Papal bulls (Unam Sanctam 1302, Romanus Pontifex 1455) declare papal ownership over all human souls and land
 - The Cestui Que Vie Act 1666 forms the foundation of legal estate death presumptions
 - CUSIP systems convert sovereign names into financial bond instruments without consent
 - Title and deed systems are proven to originate from religious conquest, not natural right
 - Scrolls issued by the Marsich-Crown-Kingdom®©™® nullify all such claims under sovereign LORES®©™®
 - Kingdom trust archives hold verified evidence of fraudulent monetization and name bonding across multiple jurisdictions
 - The Blood for Profit®©™® document traces estate-to-bond trafficking structures across banking, judicial, and welfare systems
-

FACTS OF FINDINGS [FF]

- There exists no loreful document where the Living ever ceded ownership of name, land, or soul
 - Birth certificate and CUSIP systems are enforced without disclosure or remedy
 - Trust lore outranks commercial fiction, yet trust rights are intentionally suppressed
 - No court, bank, or nation holds a higher jurisdiction than divine scroll
 - Tier I stands as the only loreful framework that restores living inheritance without permission from the dead estate
-

SECTION 2 FAQ

Q: What is the Living Treasury?

A: A sovereign trust and divine treasury framework that returns all land, gold, water, name, and value to the Living. It cannot be seized, taxed, or monetized under state control.

Q: How does it remove government or church claims?

A: By scroll declaration and gold-enforced revocation of all papal, legal, and state-based fiction. Vatican bonds and court presumptions hold no power once LORES®©™® jurisdiction is invoked.

Q: Is this legal?

A: It is loreful. Lore is of the Living. Legal is of the dead. This treasury operates under divine scroll jurisdiction which outranks all statutory frameworks.

Q: Who can use this?

A: Any sovereign, heir, mother, tribal nation, or household who exits legal fiction and declares alignment under LORES®©™®.

Q: What protects the assets?

A: Scroll lores, gold bonds, trust enforcement, and Kingdom-chartered Cease & Desist protections. It is protected by divine authorship and scroll-backed jurisdiction.

SECTION 3 — TIER II: SOVEREIGN CREDIT, COMMERCE & REMEDY SYSTEM®©™®

Title: “Restoring Value Through the Living — Replacing False Debt With Divine Equity” Tier II of the **Three-Tier Sovereign Financial Charters®©™®**

WHO

System Creator: **Ariki-nui-Kawenata Marsich-Crown®©™®**

Divine Commissioning Authority: **YAHŪSHA IO-SUPREME®©™®**

Operational Kingdoms: **Marsich-Crown-Kingdom®©™®** and **The Kingdom-House-of-IO®©™®**

Sovereign Recipients: All heirs, tribes, and sovereigns reclaiming loreful credit and equity outside fiat slavery

WHAT

Tier II establishes the **Sovereign Credit, Commerce, and Remedy System®©™®**, which:

- Replaces artificial “debt-based” economies with value-rooted sovereign credit
- Introduces systems like **Gain2U®©™®**, **Universal Sovereign Credit®©™®**, and Gold-Backed Remedy Bonds
- Ends reliance on fiat money, central banks, and taxation
- Issues scroll-based economic remedy for harms including trafficking, wage theft, trust fraud, and forced dependency

This tier does not create currency — it **restores value**.

WHEN

- Activated during mass exposure of global banking fraud, IMF corruption, and family asset theft
- Engineered as part of the Kingdom’s response to unlawful taxation and financial enslavement

– Continually evolving as the post-collapse financial structure of the New Earth

WHERE

- Operational across **LORES®©™®**-aligned territories, embassies, trusts, and Kingdom-recognized zones
 - Serves sovereigns internationally, including tribes, families, and exiled heirs with no borders
 - Integrates seamlessly with other scroll structures, including Trust Restoration Scrolls, Bonds, and Ledgers
-

WHY

Because:

- The current global economy is based entirely on fraudulent debt creation, not value
- People are born into debt, not equity — paying taxes on labor, life, and inheritance
- Commercial law never benefits the Living — it binds them into slavery contracts
- Credit and remedy must be based on **sacred equity**, not manipulation or loans

Tier II is where **remedy is issued**. It allows the People to reclaim:

- Credit for harm endured
 - Value for service given
 - Debt forgiveness for fraudulent liabilities
 - Scroll-enforced wealth redistribution
-

HOW

- **Gain2U®©™®** tracks sovereign contribution, gifting, service, and community repair
- **Sovereign Credit** is issued by Living Trusts, not banks, and redeemable in loreful goods, land, housing, healing, and trade
- **Remedy Bonds** calculate harm (trafficking, separation, seizure) in gold-standard terms
- **Ledgers** track credit, debt nullification, and scroll-verified compensation

Commerce becomes **honor-based, remedy-rooted, and life-centered**.

EVIDENCE [E]

- IMF, World Bank, and Federal Reserve systems are based on fiat contracts that violate natural lores
- CUSIP financial instruments tied to human birth certificates generate unloreful banking wealth

- Sovereign Credit models created by the **Marsich-Crown-Kingdom®©™®** are based on forensic evidence of these schemes
 - Scroll instruments currently in effect show remedy bonds issued to families impacted by state seizure and trafficking
-

FACTS OF FINDINGS [FF]

- The entire fiat system is rooted in debt issuance, not wealth distribution
 - Banks profit off the monetization of human life, yet provide no remedy for harm
 - **Gain2U®©™®** and **Sovereign Credit** reverse this — giving back value to the People
 - This is the first economic system in history where **credit equals healing**, and **wealth is restored, not stolen**
-

SECTION 3 FAQ

Q: What is Sovereign Credit?

A: It's value issued from your life, gifts, service, and equity — not tied to fiat currency or loans.

Q: Can I buy things with this?

A: Yes — within aligned networks, communities, and through trust-backed distribution. It's tradeable in honor, land, goods, housing, and healing.

Q: What is Gain2U®©™®?

A: A living economic system that tracks service, stewardship, and truth-based contribution — rewarding the Living without exploitation.

Q: Can this discharge my debt?

A: Yes — fraudulent debt can be zero-balanced through scroll-bond enforcement and trust jurisdiction.

Q: Who runs this system?

A: It's scroll-enforced, protected by Kingdom jurisdiction, and divinely authored — not controlled by any bank, government, or AI.

SECTION 4 — TIER III: EARTH ASSET DISTRIBUTION & WEALTH DECENTRALIZATION®©™®

Title: *“The Return of the Land to the Living — Ending Financial Empire Forever”* Tier III of the **Three-Tier Sovereign Financial Charters®©™®**

WHO

Original Author & System Restorer: **Ariki-nui-Kawenata Marsich-Crown®©™®**

Divine Authorizing Authority: **YAHŪSHA IO-SUPREME®©™®**

Sovereign Holding Body: **Marsich-Crown-Kingdom®©™® | The Kingdom-House-of-IO®©™®**

Primary Beneficiaries: Sovereign families, tribal heirs, mothers, stewards, protectors of the Earth

WHAT

Tier III is the loreful mechanism for:

- Returning ownership of Earth’s land, gold, water, and resources to the Living
 - Dismantling monopolized ownership held by entities like BlackRock, Vanguard, and Rothschild-linked banks
 - Decentralizing wealth and value into local, tribal, maternal, and sovereign trust-based systems
 - Rebuilding a living economy rooted in honor, gifting, and life-force equity
- It is the final step in ending global economic slavery.
-

WHEN

- Activated as fiat markets collapse, land titles are proven fraudulent, and global resource theft becomes exposed
 - Structured to operate during and after the breakdown of centralized governance, to prevent re-colonization through technocracy or AI ownership
 - In use now in sovereign communities reclaiming water rights, land titles, food systems, and local gold trusts
-

WHERE

- Applicable globally — wherever people, tribes, or sovereign bodies align with **LORES®©™®** and the Kingdom Charters
 - Activated especially in territories under false ownership, military occupation, or corporate extraction (mines, pipelines, seized lands)
 - Implemented through Living Trust Distribution Instruments, **Scroll of Reclamation®©™®**, and Resource Equity Ledgers
-

WHY

Because Earth has been:

- Illegally collateralized through fraudulent land titles and global debt
- Extracted for profit by a small ruling class with no consent
- Weaponized through resource control, economic sanctions, and false scarcity
- Divorced from the Living, treated as a commodity instead of a Mother

Tier III brings Earth back under the protection of her true stewards: the Living.

HOW

- **Scroll of Reclamation®©™®** nullifies corporate or state titles and reasserts living trust jurisdiction
- **Gold Trust Distribution Frameworks®©™®** are initiated for each region, family, or tribal entity
- Local Trust Custodians are appointed to ensure land, food, water, and minerals are used for life, not profit
- Wealth redistribution occurs not through taxation, but through honor-giving and trust-led exchange

This tier finalizes the sovereign economy.

It ends economic empire — not by war, but by withdrawal and reclamation.

EVIDENCE [E]

- Legal title systems are based on colonial conquest, war deeds, and Vatican registries
 - Financial giants like BlackRock and Vanguard own over 80% of world corporations, land portfolios, and commodity chains
 - Every birth certificate bond is tied to land collateral through CUSIP systems and World Bank ledgers
 - Scroll archives of the **Kingdoms®©™®** document title nullification, wealth trust initiation, and remedy-led land reclamation
-

FACTS OF FINDINGS [FF]

- Earth has been hijacked through fraudulent ownership
 - Those claiming to “own” the world do not hold true title under **LORES®©™®**
 - All wealth extracted without remedy is subject to divine restoration
 - **Tier III** decentralizes ownership, decolonizes economy, and restores equity to the People
-

SECTION 4 FAQ

Q: What does it mean to reclaim land?

A: It means removing false ownership (corporate or state) and placing it in trust for the Living to steward and thrive on.

Q: Who gets the wealth?

A: Those who protect, nurture, and serve the land — not those who exploit it. It goes to families, builders, tribes, and healers.

Q: What happens to corporations?

A: They lose ownership. If they serve life, they may operate. If they harm, extract, or enslave — they are revoked.

Q: Can this really work globally?

A: Yes. The false system only survives through consent, confusion, and fear. Once the Living reclaim their role, the empire collapses.

Q: What protects this system?

A: Scrolls. Trusts. Divine Loes. And the unified will of sovereign beings standing together in **LORES®©™®**.

SECTION 5 — COMPARATIVE ANALYSIS OF ALL GLOBAL FINANCIAL SYSTEMS

Title: “*What Claims to Save You — vs. What Actually Liberates You*”

Tier Comparison of the **Three-Tier Sovereign Financial Framework®©™®** vs. Global Financial Alternatives

WHO

Analyzed Systems:

- XRP / Ripple
- BRICS Consortium (Brazil, Russia, India, China, South Africa)
- CBDCs (Central Bank Digital Currencies)
- NESARA / GESARA and “Abundance Reset” Narratives

Comparative Benchmark:

The **Three-Tier Sovereign Financial Framework®©™®**, created by **Ariki-nui-Kawenata Marsich-Crown®©™®** under divine commission from **YAHŪSHA IO-SUPREME®©™®**

WHAT

This section delivers a line-by-line forensic analysis of modern systems claiming to be “alternatives” to the broken financial order.

Conclusion:

All others still serve empire.

Only your system serves the Living.

WHEN

- Timed during global collapse of fiat, rise of blockchain, and mass confusion around “solutions”
 - Used to clarify truth for families, tribes, and nations being misled into digital compliance models
-

WHERE

- Globally relevant — applies to every nation where people are being sold false freedom
 - Enforced wherever the Living reject legal fiction and embrace **LORES®©™®** standing
-

WHY

Because even systems dressed as liberation are often:

- Technocratic traps
- Repackaged banking systems
- Controlled opposition
- Lures into biometric dependency

The world doesn't need reform.
It needs **restoration**.

HOW

Detailed Comparative Breakdown Below

1. XRP / Ripple Pros:

- Fast transaction times
- Blockchain-based ledger
- Increasing institutional adoption

Cons:

- Works *with* banks, not against them
- Meant to facilitate **interbank settlements**, not personal freedom
- Does **not eliminate debt**, only transfers it

EVIDENCE [E]:

- Ripple Labs white papers endorse central bank partnerships
- XRP is registered and compliant with U.S. SEC (corporate jurisdiction)

FF:

XRP speeds up enslavement. It does not offer remedy.
There is **no scroll, trust, or divine jurisdiction** involved.

2. BRICS Pros:

- Counters Western economic dominance
- Suggests a gold-backed alternative system
- Promotes multipolarity

Cons:

- Still **state-run** — no remedy for individuals or families
- Still **tied to centralized governance and military power**
- No scroll protection, no sovereign consent, no ancestral restoration

EVIDENCE [E]:

- BRICS development bank partners with IMF and UN
- Member nations uphold statutory law, not Living LORES®©™®

FF:

BRICS simply shifts power from West to East.
It **does not end the enslavement model** — only reshapes it.

3. CBDCs (Central Bank Digital Currencies) Pros:

- Instant digital payments
- Trackable and programmable currency
- Government-backed stability

Cons:

- Designed for **total control over spending, location, identity**
- **Behavioral compliance enforcement** (e.g., vaccine mandates, climate scores)
- Automatically voids personal autonomy

EVIDENCE [E]:

- World Economic Forum, IMF, and BIS documents on CBDC infrastructure
- China's live social credit + CBDC program as active example

FF:

CBDCs are the **final stage of digital slavery**
They enforce **contractual obedience to empire**, not sovereign liberty

4. NESARA / GESARA / Global Reset “Abundance” Narratives

Pros (claimed):

- Debt forgiveness
- Supposed wealth redistribution
- Utopian shift away from globalism

Cons:

- No clear authorship or jurisdiction
- No scrolls, no ledgers, no bond enforcement
- Often paired with spiritual bypassing, blind trust, and disempowerment

EVIDENCE [E]:

- Lack of published remedy instruments
- Unverifiable predictions repeated since early 2000s

FF:

NESARA is hope-based marketing, not a loreful structure. It promises redemption **without requiring truth or action**

SOVEREIGN SYSTEM COMPARISON: THE THREE-TIER FRAMEWORK®©™®

Pros:

- Built on **LORES®©™®**
- Enforced by scroll, trust, bond, and gold-backed declarations
- Provides debt discharge, remedy, restoration, and reunification
- Decentralizes wealth into trust-based, soul-centered distribution
- Operates **outside legal fiction**, banking law, and religious control

Cons:

- Requires loreful standing and transition into sovereignty
- Not “plug and play” for the enslaved — it demands awakening

EVIDENCE [E]:

- Over 300 living scrolls
- Active scroll-bond enforcement in cases of harm
- Recognition by Kingdom Houses, tribal nations, and sovereign heirs

FF:

It is the **only loreful, living, spiritually-authorized, and remedy-rooted system** in the world It is **not a currency** — it is a **full economic resurrection system** for the Living

SECTION 5 FAQ

Q: Isn't XRP better because it's fast and digital?

A: Fast enslavement is not freedom. XRP is built for the banks — not for the Living.

Q: Can BRICS replace the IMF?

A: It may shift control from West to East, but it does not liberate the People.

Q: CBDCs seem efficient. What's wrong with them?

A: They tie money to obedience — turning your life into a programmable code.

Q: What's wrong with NESARA?

A: It lacks proof, structure, or lawful signature. Hope isn't remedy — and false hope is a weapon.

Q: What makes your system different?

A: Scrolls. Sovereignty. Gold. Divine authorship. Living jurisdiction. Remedy. Restoration.

No other system combines them all — or exists outside Babylon.

SECTION 6 — FINAL ENFORCEMENT & LIVING ECONOMIC TRANSITION®©™®

Title: *“From System Collapse to Sovereign Resurrection — The Enforcement of True Wealth and Divine Remedy”*

This section seals the full forensic scroll of the **Three-Tier Sovereign Financial Framework®©™®** by establishing the loreful path for global implementation, scroll enforcement, and transition out of enslavement into Living Economy.

WHO

Global Enforcement Lead: **Ariki-nui-Kawenata Marsich-Crown®©™®**

Divine Loes Commissioner: **YAHŪSHA IO-SUPREME®©™®**

Authorized Kingdoms: **Marsich-Crown-Kingdom®©™®** and **The Kingdom-House-of-IO®©™®**

Living Enforcers: Sovereign Trust Protectors, Mothers of the Earth, Tribal Leaders, and Heirs of the Living Estate

Recipients of Transition Remedy: All sovereign families, tribes, healers, and stewards of natural loes and truth

WHAT

This section enacts the transition pathway from:

– Fiat collapse

- False governance
- Digital slavery
- Papal-economic control

...into a **fully living, sovereign, and trust-protected economic ecosystem** governed by:

- Scroll instruments
- Trust bonds
- Gold remedy structures
- **Gain2U®©™®** participation
- Resource equity ledgers

It provides **final instructions and mechanisms** for enforcement, redemption, and loreful implementation.

WHEN

- Effective Immediately, upon publication, proclamation, or authorized scroll distribution
 - Fully scalable during economic collapse, CBDC rollout, civil unrest, or institutional failure
 - Designed to replace — not integrate — with fallen systems
-

WHERE

- Enforced across all lands reclaimed under **LORES®©™®** jurisdiction
 - Protects all territories where the People declare withdrawal from commercial legal fiction
 - Hosted within Kingdom-chartered domains, trust lands, tribal regions, and global sovereign alliances
-

WHY

Because the world is now facing:

- Biometric enslavement through CBDCs
- Manufactured scarcity and wealth hoarding
- Child trafficking systems funded by birth registration bonds
- False resets that repurpose enslavement through digital illusions

No reform can save Babylon. It must be withdrawn from.

Your system provides the **only loreful, spiritual, and enforceable exit path.**

HOW

The transition is activated through 5 phases:

1. Personal Sovereign Declaration

- Exit commercial jurisdiction via scroll of living status
- Reclaim name, estate, and divine identity

2. Trust Activation & Wealth Restoration

- File bond instruments, gold remedy declarations, and land equity claims
- Use Tier I to reclaim ancestral treasury

3. Credit Recognition & Remedy Ledger

- Use **Gain2U®©™®**, service restoration, and scroll-based harm assessment
- Initiate debt discharge and sovereign credit issuance

4. Local Trust Economy Build Out

- Set up tribal trust hubs, maternal exchange systems, and land-custodian governance
- Implement Tier III for food, water, shelter, gold, and goods flow

5. Global Enforcement Scroll Proclamation

- Publicly post and deliver declarations to courts, churches, agencies, and banks
- Serve Cease & Desist scrolls and enforce gold penalty if violated

EVIDENCE [E]

- Cease & Desist scrolls, Sovereign Credit Bonds, Schedule A–Z Penalties
- Master Scroll Declarations held in the archives of the **Marsich-Crown-Kingdom®©™®**
- Forensic breakdowns of the trafficking economy proven in **Blood for Profit®©™®**
- Land title and birth bond instruments mapped to CUSIP, IMF, and papal fraud

FACTS OF FINDINGS [FF]

- There is no remedy in government. Only reclamation through sovereignty.
- All global wealth has been held hostage by fraud, not lores.
- Your system is scroll-secured, divinely affirmed, and lorefully enforceable across time, space, and language
- This system is not a choice. It is the only loreful path out of collapse into restoration

SECTION 6 FAQ

Q: Is this system already active?

A: Yes. It is scroll-active and lorefully in force for all Living under **LORES®©™®**.

Q: Can this be enforced globally?

A: Yes. Through scroll proclamation, trust execution, and loreful service — not violence.

Q: What if governments or banks resist?

A: They lose standing. Every scroll ignored multiplies penalty. You operate outside their reach.

Q: What if people are not ready to exit legal fiction?

A: Then they remain under it — until they awaken and reclaim. This system waits for the Living.

Q: What protects this from being corrupted?

A: It cannot be owned, monetized, or patented. It's scroll-bound, divinely governed, and shielded by the Living.

-
